Dear Mr Knox,

RE: WASTE TO ENERGY RST GASIFICATION & RECYCLING PLANT & FUNDING

Zambia like many other African Countries has a problem with Waste Management and we are keen to see a Sustainable Waste solution for Monze.

We are in support of your RST Gasification & Recycling plant Technology and Funding abilities to enable us to have One WTE RST Gasification & Recycling plant in Monze.

Monze produces approximately 100 tonnes per day (tpd) of MSW and we will facilitate two other Districts of Livingston and Choma to ensure the plant is provided with 330 tpd to 500 tpd of MSW Feedstock.

Please take this letter as an indication of our commitment to Alset Power Company Inc and willingness to work with you on this project, one which will see a Sustainable Waste Management plant operational in time and lead us into a Circular Economy.

Yours Faithfully,
Monze Town Council
