RE: APPLICATION FOR FEASIBILITY STUDY RIGHTS FOR THE DEVELOPMENT OF FIVE (05) WTE-RST GASIFICATION & RECYCLING PLANTS

Reference is made to your letters dated 18 January, 2021 and 01 February, 2021 in which you requested for feasibility study rights for the development of five (05) waste to energy power plants in Lusaka, Mazabuka, Kawambwa and Mpulungu Districts.

Kindly be informed that the Ministry has no objection to your application to undertake a feasibility study at your own cost and risk. The feasibility study should be undertaken within a period of 24 months during which you will be required to be submitting quarterly progress reports to the Ministry.

Further, you are advised to engage with the respective town councils who are the custodians of municipal solid waste in the project areas.

Looking forward to the outcome of your feasibility study and eventually implementation of the project.

Danies K. Chisenda
Permanent Secretary
MINISTRY OF ENERGY

cc: The Hon. Minister of Energy, Ministry of Energy, Lusaka
The Director of Energy, Ministry of Energy, Lusaka
